INTERNSHIPS

.NET Developer
5th Bridge Technologies Data LLP

📅 Jun 2019 – Jul 2019   ⚲ Hyderabad, Telangana

Worked on MS Visual Studio and MS SQL Server and developed a .NET core web application to create a platform for building proposals

Mobile Application Developer
Johnson Controls

📅 Jun 2018 – Jul 2018   ⚲ Mumbai, Maharashtra

Developed some sections of a mobile application of a previously developed web application using html, CSS JavaScript and developed the application on CORDOVA

PROJECTS

Neural Source Code Descriptor
BTech Final Year Project

📅 August 2019 – Present   ⚲ Aligarh, Uttar Pradesh

The project is source code summarization task for java methods to generate one line summaries of what is the code's functionality. I used an encoder-decoder framework with transformer(pre-trained t5) model to relate between AST's of java methods and it's summary.

Diabetes Prediction

📅 December 2019 – Present

Predicting the risk of acquiring diabetes in a person is a big task. I created a Neural Network classifier model from scratch which can classify whether a person will acquire diabetes in future or not. I achieved an accuracy of 83% on train set and an accuracy of 79% on the test set.

User Behaviour Analysis through web server log mining
BTech Project

📅 August 2018 – November 2018   ⚲ Aligarh, Uttar Pradesh

The task was to fetch useful information from web server log of a website and discover pattern in them. I used apriori and FP-Growth algorithms to find and pattern in the behaviour of users from the cleaned data. This user behaviour analysis of people reaching a website can help in the website optimization.

ONLINE COURSES

deeplearning.ai
Coursera Online Courses

📅 Aug 2019 – Oct 2019

Introduction to Machine Learning, Neural Networks, Recurrent Neural Networks and sequence models

Web Development
Internshala Summer Training

📅 May 2019 – June 2019

Learned HTML, CSS, PHP, MySQL web stack

SOFTSKILLS

Learning Curiosity   Learning Potential   Team Work   Flexibility   Fluent in English   Responsibility   MultiTasking   Work Under Pressure   Agile

PROFESSIONAL SKILLS

C++   Java   Python   HTML   CSS   JS   PHP   MySQL   Angular   Node   Machine Learning   Adobe Illustrator

STRENGTHS

- Development

  C++   JAVA   Angular   PHP   Git

- Development Tools – DB

  MySQL server   MySQL

- Development Tools – IDE

  MS Visual Studio   VS Code   Eclipse   Jupyter Notebook

- Operating systems

  Linux   Windows

EDUCATION

B.Tech. in Computer Engineering
Zakir Husain College of Engineering and Technology, Aligarh Muslim University(AMU)

📅 Aug 2016 – Present

CGPA: 6.7/10

LANGUAGES

English   ●●●●○
